(Former name or former address, if changed since last report)

Item 5. Other Events

We recently discovered that our Tulsa, Oklahoma subsidiary, which has a permit to treat and store hazardous waste in certain areas of its facility, had been improperly accepting and storing a substantial amount of hazardous and non-hazardous waste in violation of certain environmental laws in areas not permitted to accept and/or to store hazardous and non-hazardous waste. We voluntarily reported this matter to the appropriate Oklahoma state authorities and have removed this waste to permitted treatment, storage and/or disposal facilities. We are working with the Oklahoma authorities to provide the information requested by the Oklahoma authorities as to this matter. As of the date of this report, we have not been notified by the Oklahoma authorities as to what action or actions, if any, the Oklahoma authorities will take against our subsidiary as a result of this improper acceptance and storage of waste. The Oklahoma authorities could assert monetary fines or penalties or take other action against our subsidiary (including, but not limited to, loss of permits), which may have a material adverse effect on us.

Item 7. Exhibits

(c) Exhibits

Exhibit Number	Description
-----	-----
99.1	Press release dated April 28, 2004
99.2	Press release dated April 30, 2004

Item 12. Results of Operations and Financial Condition.

On April 30, 2004, at 11:00 a.m. EST, Perma-Fix Environmental Services, Inc. (the "Company") will hold a conference call broadcast live over the Internet. A press release dated April 28, 2004, announcing the conference call, is attached hereto as Exhibit 99.1 and is incorporated herein by reference. A transcript of the conference call will also be available on the Company's web page at [www.perma-fix.com](http://www.perma-fix.com).

On April 30, 2004, the Company issued a press release to report its financial results for the quarter ended March 31, 2004. The press release is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

The information combined in this Item 12 of this Form 8-K and the Exhibits attached hereto are being furnished and shall not be deemed "filed" for purposes of Section 18 of the Securities Act of 1934 (as amended), or otherwise subject to the liabilities of such section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 (as amended), except as shall be expressly set forth by specific reference in such filing.

#### SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Company has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

## Perma-Fix Announces First Quarter Results

ATLANTA, April 30 /PRNewswire-FirstCall/ -- Perma-Fix Environmental Services, Inc. (Nasdaq: PESI; BSE: PESI; Germany: PES.BE) today announced financial results for the first quarter ended March 31, 2004. Revenues for the first quarter were \$17.5 million compared to \$19.5 million for the same period in 2003. Net loss applicable to common stock for the quarter was \$2.0 million, or \$.06 per share, compared to net loss applicable to common stock of \$431,000, or \$.01 per share, for the same period in 2003.

The first quarter of fiscal 2004 included \$506,000 in revenue resulting from the acquisition of certain assets of USL Environmental Services, Inc. d/b/a A&A Environmental ("A&A") of Baltimore, Md. and US Liquids of Pennsylvania, Inc. d/b/a EMAX ("EMAX") of Pittsburgh, Pa. The first quarter of fiscal 2003 included \$560,000 in revenue from the Company's Newport Hydrolysate Project with the Army.

Results for the quarter reflect a 13.0% increase in revenue of the Nuclear Segment and a 29.1% decrease in revenue of the Industrial Segment. The decrease in the Industrial Segment was largely attributable to the recent restructuring, in which the company eliminated low-margin, high volume services, and reduced its dependence on outside broker disposal services. Also affecting the quarter was the exaggerated seasonal slowdown in the first quarter, coupled with the ongoing disruption of our Michigan facility resulting from a fire in the fourth quarter of 2003, and a reduction in government revenue within our Industrial Segment, due in part to the expiration of one of our contracts.

Dr. Louis F. Centofanti, Chairman and CEO, commented, "During the quarter, we achieved a number of important developments, including the acquisition of certain assets of A&A and EMAX. The acquisition enables us to expand the Industrial Segment's presence within one of its most consistent and profitable markets. Moreover, our Nuclear Segment continues to grow, and we are working on several strategic initiatives to not only treat -- but also characterize and handle radioactive and mixed waste, which should ultimately improve the flow of waste into our facilities."

Dr. Centofanti continued, "We are disappointed with the Industrial Segment's results for the quarter, which are largely due to a number of short-term factors, as noted above. However, we are encouraged by the progress of the restructuring process, the quality of our new management team, and the refocus of the Segment from not only a sales perspective, but also cost control and logistic efficiencies. Our strategy is beginning to pay-off, as illustrated by the recent contract award from a leading North-American home-improvement retail chain. The reconstruction of the Michigan facility is in progress and when completed later this year should dramatically improve the throughput and efficiency of this facility."

During the quarter, the Company completed a private placement of the Company's common stock and warrants to purchase common stock, for net proceeds of \$9.9 million, which strengthened the Company's balance sheet and helped fund the above acquisition. The Company intends to use a portion of the proceeds to pay down higher interest debt, which will reduce interest expenses.

Perma-Fix Environmental Services, Inc. is a national environmental services company, providing unique mixed waste and industrial waste management services. The Industrial Segment provides hazardous and non-hazardous waste treatment services for a diverse group of customers including Fortune 500 companies, numerous federal, state and local agencies and thousands of smaller

clients. The Nuclear Segment provides radioactive and mixed waste treatment services to hospitals, research laboratories and institutions, numerous federal agencies including the Departments of Energy and Defense and nuclear utilities. The Company operates eleven major waste treatment facilities across the country.

This press release contains "forward-looking statements" which are based largely on the Company's expectations and are subject to various business risks and uncertainties, certain of which are beyond the Company's control. Forward-looking statements include, but are not limited to, the information concerning possible or assumed future results of operations of the Company, continued growth in the Nuclear Segment, expansion of the Industrial Segment's presence within our most consistent and profitable markets, to successfully complete the strategic initiatives and improve the flow of waste into our facilities and the dramatic improvement in throughput and efficiency of the Michigan facility upon reconstruction. These forward-looking statements are intended to qualify for the safe harbors from liability established by the Private Securities Litigation Reform Act of 1995. While the Company believes the expectations reflected in this news release are reasonable, it can give no assurance such expectations will prove to be correct. There are a variety of factors which could cause future outcomes to differ materially from those described in this release, including without limitation, future economic conditions, industry conditions, competitive pressures, neither the government nor any party which has granted the Company a material contract terminates their contract prior to expiration of the term of the contract, and the DOE's failure to abide by or comply with its contracts or to deliver waste as anticipated. The Company makes no commitment to disclose any revisions to forward-looking statements, or any facts, events or circumstances after the date hereof that bear upon forward-looking statements.
