Perma-Fix Reports 61.2% Increase in Sales for the First Quarter of 2012

ATLANTA – May 8, 2012 – Perma-Fix Environmental Services, Inc. (NASDAQ: PESI) today announced results for the first quarter ended March 31, 2012.

Dr. Louis F. Centofanti, Chairman and Chief Executive Officer, stated, "We are pleased to report a strong increase in overall sales for the first quarter of 2012. We achieved growth in both our Treatment Segment and our Services Segment. As we progress with the integration of Safety and Ecology Holdings Corporation and its subsidiaries ("SEC"), we expect margins in the Services Segment to improve due to increased revenue and reduced costs in the second half of the year."

"We remain encouraged by the outlook for 2012 and, similar to last year, expect the second half of 2012 to be stronger than the first half of the year. We attribute our positive outlook to the ongoing bidding activity within our Services Segment. Our bidding success is best illustrated by the clean-up agreements we were recently awarded at Los Alamos National Laboratory. We were on one of just three winning teams for each project that were awarded the right to bid on an aggregate of approximately \$450 million of task orders over the next three years. The awards allow our team to bid on these select contracts, and are further illustration of our growing prominence within the industry and our unique ability to address some of the most problematic waste streams in the DOE complex."

Financial Results

Revenue for the first quarter of 2012 increased 61.2% to \$38.1 million versus \$23.6 million for the same period last year. Revenue for the Treatment Segment increased 4.1% to \$12.8 million from \$12.3 million for the same period in 2011. The \$507,000 increase was derived from an increase in waste processed at our treatment facilities. Revenue from the Services Segment increased to \$25.2 million from \$11.3 million for the same period in 2011. Revenue generated from the SEC acquisition totaled \$18.6 million offset by a decrease in revenue from the DOE Hanford Site of approximately \$4.7 million. Gross profit for the first quarter of 2012 increased 41.9% to \$4.3 million versus \$3.0 million for the first quarter of 2011 due to increased treatment waste volume. Gross margin decreased to 11.3% from 12.8% for the same period last year due to a greater revenue contribution from the Services Segment, which has lower margins than the Treatment Segment.

Operating loss for the first quarter of 2012 was \$1.1 million versus a loss of \$608,000 for the first quarter of 2011. Net loss attributable to common stockholders for the first quarter of 2012 was \$1.1 million, or \$(0.02) per share, versus a loss of \$321,000 or \$(0.01) per share, for the same period in 2011. The Company generated Adjusted EBITDA of \$1.0 million from continuing operations during the quarter ended March 31, 2012, as compared to Adjusted EBITDA of approximately \$548,000 for the same period of 2011. The Company defines EBITDA as earnings before interest, taxes, depreciation and amortization. EBITDA and Adjusted EBITDA are not measures of performance calculated in accordance with Generally Accepted Accounting Principles in the United States ("GAAP"), and should not be considered in isolation of, or as a substitute for, earnings as an indicator of operating performance or cash flows from operating activities as a measure of liquidity. The Company believes the presentation of EBITDA is relevant and useful by enhancing the readers' ability to understand the Company's operating performance. The Company's management utilizes EBITDA as a means to measure performance. The Company's measurement of EBITDA may not be comparable to similar titled measures reported by other companies. Due to the unique accounting for the recognition of fair market value of percentage of completion contracts resulting from the acquisition of SEC, the Company recognizes that EBITDA is an "Adjusted EBITDA" and understands these differences when measuring performance. The table below reconciles EBITDA and Adjusted EBITDA, both non-GAAP measures, to loss from continuing operations for the three months ended March 31, 2012 and 2011.
