#### Perma-Fix Reports Financial Results for the Third Quarter of 2013

ATLANTA – December 12, 2013 – Perma-Fix Environmental Services, Inc. (NASDAQ: PESI) today announced results for the third quarter ended September 30, 2013.

Dr. Louis F. Centofanti, Chairman and Chief Executive Officer, stated, "As previously disclosed, I am pleased to report we achieved positive EBITDA for the third quarter of 2013. Although the fiscal environment remains challenging, we are cautiously optimitistic about the outlook for 2014. We see a number of exciting opportunities domestically and internationally, and having reduced our operating expenses, we expect to see improved financial results next year."

#### **Financial Results**

Revenue for the third quarter of 2013 was \$19.1 million versus \$29.2 million for the same period last year. Revenue for the Treatment Segment was \$8.9 million compared to \$11.4 million for the same period in 2012 as significant volume of waste receipts were received late in the quarter and were not yet processed. Revenue from the Services Segment was \$10.1 million versus \$17.8 million for the same period in 2012.

Gross profit for the third quarter of 2013 was \$3.1 million versus \$4.2 million for the third quarter of 2012. Gross margin increased to 16.4% from 14.5% for the same period last year primarily due to expense reductions in both segments and continued efforts to streamline all other costs.

Operating loss for the third quarter of 2013 was \$667,000 versus operating loss of \$492,000 for the third quarter of 2012. Net loss attributable to common stockholders for the third quarter of 2013 was \$808,000, or (\$0.07) per share, versus net loss of \$554,000 or (\$0.05) per share, for the same period in 2012.

The Company recorded Adjusted EBITDA of \$770,000 from continuing operations during the quarter ended September 30, 2013, as compared to Adjusted EBITDA of \$1.3 million for the same period of 2012. The Company defines EBITDA as earnings before interest, taxes, depreciation and amortization. EBITDA and Adjusted EBITDA are not measures of performance calculated in accordance with Generally Accepted Accounting Principles in the United States ("GAAP"), and should not be considered in isolation of, or as a substitute for, earnings as an indicator of operating performance or cash flows from operating activities as a measure of liquidity. The Company believes the presentation of EBITDA is relevant and useful by enhancing the readers' ability to understand the Company's operating performance. The Company's measurement of EBITDA may not be comparable to similarly titled measures reported by other companies. Due to the unique accounting for the recognition of fair market value of percentage of completion contracts resulting from the acquisition of SEC and the goodwill impairment charge for the CHPRC reporting unit, the Company recognizes that EBITDA is an "Adjusted EBITDA" and understands these differences when measuring performance. The table below reconciles EBITDA and Adjusted EBITDA, both non-GAAP measures, to loss from continuing operations for the three and nine months ended September 30, 2013 and 2012.
