PERMA-FIX ANNOUNCES RESULTS FOR THE FOURTH QUARTER AND FISCAL 2005

* 2005 Record Revenues Increase 10.2%

* 2005 Net Income Grows to a Record \$3.6 million vs a Loss of \$19.6 million in 2004

ATLANTA, March 7 /PRNewswire-FirstCall/ -- Perma-Fix Environmental Services, Inc. (Nasdaq: PESI) (BSE: PESI) (Germany: PES.BE) today announced financial results for the fourth quarter and fiscal 2005. Revenues for the quarter ended December 31, 2005, totaled \$21.5 million, compared to \$22.8 million for the same period in 2004. Revenue for the Industrial Segment was \$9.5 million, down \$704,000 principally due to the contract termination from a major home improvement chain, which was announced in October 2005. Revenue for the Nuclear Segment was \$11.3 million, a \$526,000 decrease from the 2004 fourth quarter. We have continued to work with the government to smooth out the waste shipments and as a result have experienced more consistent receipts throughout 2005. However, from a comparative perspective, the fourth quarter of 2004 reflected the benefit of several larger shipments and certain surcharges recorded during the period. Although the fourth quarter of this year was down, the Nuclear Segment finished overall higher in 2005, as noted below.

Net income, applicable to Common Stock, for the fourth quarter 2005 was \$541,000 or \$.01 per share compared to \$4,000 for the same period in 2004. In the 2005 fourth quarter, the Company had income from discontinued operations of \$289,000 as a result of a gain of \$510,000 from the final Michigan insurance settlement. Discontinued operations includes the Michigan facility which was shut down in 2004 and the Pittsburgh, Pennsylvania, facility which was shut down in November 2005.

The table below presents certain financial information for the business segments, excluding allocation of corporate expenses.

For the twelve months ended December 31, 2005, revenues increased by approximately 10.2% to a record \$90.9 million, compared to \$82.5 million in 2004. Results for fiscal 2005 reflect a 10.7% increase in revenue from the Nuclear Segment to \$47.2 million, and an 11.4% increase in revenue from the Industrial Segment to \$40.8 million. The increase in the Nuclear Segment was principally attributable to the Company's continued expansion within the mixed waste market, including new government and commercial contract awards.

For the twelve months ended December 31, 2005, net income, applicable to Common Stock, totaled \$3.6 million or \$.08 per share, compared to a loss of \$19.6 million or \$.48 per share in 2004. Results for 2005 include income from discontinued operations of \$670,000.

The table below presents certain financial information for the business segments, excluding allocation of corporate expenses.

Dr. Louis F. Centofanti, Chairman and CEO, commented, "We are pleased with the progress that Perma-Fix has made over the past year. We have achieved revenue increases in our two major segments, which resulted in record revenues on a consolidated basis for 2005, record revenues for our Nuclear Segment for 2005, four profitable quarters from continuing operations and a very positive change in our net income for the year. All the while, we have been executing our plans to increase revenue, efficiency and profitability. We continue to strengthen our balance sheet and have significantly improved our liquidity and working capital position this year. We believe that 2006 will be a very exciting year of growth for Perma-Fix."
