Item 7.01 – Regulation FD Disclosure

The information set forth under "Item 8.01. Other Events" of this Current Report on Form 8-K is incorporated into this Item 7.01 by reference.

Item 8.01 – Other Events

On June 1, 2023, at 4:00 p.m., the Securities and Exchange Commission (the "SEC") declared effective the shelf registration statement on Form S-3 of Perma-Fix Environmental Services, Inc. (the "Company"), filed with the SEC on May 19, 2023. Under the shelf registration, the Company may offer and sell from time to time up to 2,500,000 shares of its common stock. The terms of the common stock offered under the registration statement, and the intended use of the net proceeds resulting therefrom, will be established at the times of the offerings, if any, and will be described in prospectus supplements filed with the SEC at the times of the offerings. The Company has no current commitments or plans to sell securities under the registration statement; however, an effective shelf registration permits the Company to be in a position to opportunistically access the capital markets should it decide to do so at a later date.

This Form 8-K is not an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction. Any offering of the securities covered under the shelf registration statement will be made solely by means of the base prospectus included in the registration statement and an accompanying prospectus supplement relating to the specific offering.

This Form 8-K contains "forward-looking statements" which are based largely on the Company's expectations and are subject to various business risks and uncertainties, certain of which are beyond the Company's control. Forward-looking statements generally are identifiable by use of the words such as "believe," "expects," "intends," "anticipate," "could potentially," "plans to," "estimates," "projects," and similar expressions. Forward-looking statements include, but are not limited to, whether we will actually effect an offering of our common stock pursuant to the registration statement, and the Company's belief that as part of its ongoing commitment to evaluate all options to enhance shareholder value, it should be in a position to opportunistically access the capital markets. These forward-looking statements are intended to qualify for the safe harbors from liability established by the Private Securities Litigation Reform Act of 1995. While the Company believes the expectations reflected in this news release are reasonable, it can give no assurance such expectations will prove to be correct. There are a variety of factors which could cause future outcomes to differ materially from those described in this release, including, without limitation, the other risk factors and business considerations described under the heading "Risk Factors" in our 2022 Form 10-K, our Quarterly Report on Form 10-Q for the Quarter Ended March 31, 2023, and the Registration Statement on Form S-3. The Company makes no commitment to disclose any revisions to forward-looking statements, or any facts, events or circumstances after the date hereof that bear upon forward-looking statements.
